FROM PSYCHOLOGY TO POLITICS :

REPRESENTING MIGRANTS IN THE 2019 EUROPEAN PARLIAMENT ELECTION

Prof. Alexis Nuselovici

Professeur de littérature générale et comparée

Université d'Aix-Marseille

Coming migrants in Europe are showing a broken identity, made out of cruel experiences, tragic losses and traumatic memories. Cut off from their previous citizenship, they still cannot claim a refugee one. Such a harsh reality should not prevent to give them a political representation – in the European Parliament, for instance – which, in return, could help them to regain a restored subjectivity.

Keywords:

migrants, representation, European Parliament
